

Liquid Fertilizer Monitors and Flow Meters

Banjo Flow Meter

Banjo 1" or 2" Flow Meter

Banjo 3" Flow Meter

STANDARD FEATURES:

- Displays batch total volume & overall total volume!
- Flow rate allows for gal. or litres/min
- The display reads 6 digits or Rate, 8 digits for Total & 1 decimal place reading in tenths
- Magnetic style meter with stainless steel electrodes
- Self calibrating meter • Measures water and most conductive liquids • Easy to change six (6) AA batteries • No moving parts to fail during use • Glass reinforced polypropylene
- Temperature range from 0°F to 150°F • Accuracy is 99% from 14 to 670 GPM for 3"
- There are 3 photoeyes located on the face of the flow meter

NOTE: These are not push buttons, to activate you must hold your finger over the photoeye for 2-4 seconds. Banjo meters are only capable of reading fluids that do not contain petroleum. Use with only water based products.
