- Operational From - 40° to 149° F
- Optional 6-hour and 8-hour batteries available

115v AC Modified Sine Wave Electrical Power

- 4,000-watt peak / 2,000-watt continuous built-in modified sine wave inverter system
- Automatic thermal and voltage overload safety kick-out
- Optional pure sine wave inverters available (call today)
- 2 weatherproof external AC outlets
- Internal 3 outlet bus-bar
- Removable 30' retractable 16 AWG extension cord with 3 grounded outlets and mounting brackets

Built-In Air Compressor System

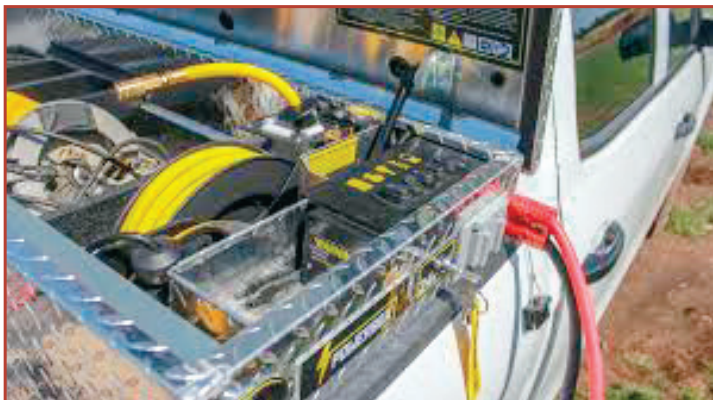

- 125 psi max / 4cfm @ 90 psi / oil-less AC air compressor system
- 3-gallon built-in non-rusting air reserve
- Auxiliary air coupler for spare tank connection and condensation dispersion
- Air pressure gauge with adjustable airflow dial
- Pop off air-release valve
- Built-In 25' retractable 3/8" 300 psi max air hose with standard chuck coupler
- 1 male and 1 female air coupler

Built-In Heavy-Duty Jump Start Power

- Up to 2,100 Cold Cranking Amps
- Working conditions from -40° up to 140° F
- External 12v Connector Port
- 4 AWG 15' Jumper Cables with carrying case*

Delta Professional Series Crossover Toolbox*

- Insulated security lid - 1,500lb. rating
- Dual independent locking mechanisms
- 2 incandescent lid-mounted work lights
- 7 cubic feet internal storage space*
- Dimensions:
 - 300 lbs. (approximate weight not including upgrades)
 - 71" Long X 21" Wide X 17.5" Tall / Rail depth 12"

DESCRIPTION	Parts #
12V Crossover – 4 hour	CICPBC04
12V Crossover – 6 hour	CICPBC06
