

Spray Performance Products & Accessories

Spray Nozzle Calibrator

Quickly and easily ensure your nozzles are applying the correct application rate and check nozzle wear.

- Easy to use - just place under a spray nozzle for approximately 30 seconds and the application rate and flow rate will appear on the display
- Accurate - up to 3500 measurements are taken during each test
- Nozzle comparator feature allows you to save individual nozzle tests and then compare all the nozzles tested against the average to determine nozzle wear
- ±3% accuracy on flow rates from 0.01 to 2.5 USGPM

Spay Nozzle Calibrator

DESCRIPTION	PART #
Spray nozzle Calibrator series 100	ATSNC100100
Spray nozzle calibrator Smart series 101	ATSNCSS101

AppliMax AppliPad

The ultimate spray and liquid application tool. A tablet loaded with apps to ensure the most effective application possible.

- Spray boom remote control
- Spray tank fill calculator
- Spray nozzle selector apps
- Spray job tracker and nozzle wear analyzer
- Application / field reporting apps
- Download other apps

AppliMax AppliPad

DESCRIPTION	PART #
Applipad spray and liquid applicator Smart Tablet	ATAPD100196

AppliMax Spray Nozzle Tester & Wear Analyzer

Quickly and easily check spray nozzle output and analyze and track wear with your computer.

- Lets you easily check individual nozzles without having all the nozzles on the spray boom on
- Nozzle output is measured using a pressure gauge (included) and a nozzle calibrator (sold separately)
- Nozzle wear is analyzed using web based program and successive test results can be compared
- Models are available that connect to shop sink or with own pump system

AppliMax Spray Nozzle Tester & Wear Analyzer

DESCRIPTION	PART #
Spray nozzle tester & wear analyzer software	ATSNTA100180

Spray Performance Accessories

DESCRIPTION	PART #
Wind Meter - thermometer	ATWMT100190
Water PH tester	ATWPHT100191
Spray nozzle pressure tester	ATSNPT100192
Spray nozzle-body tool	ATSNBT100195
Spray body nozzle tool box of 10	ATSNBT1001910
Water sensitive paper - pkg of 50 pcs	ATWSP100197
Water sensitive paper - 10 pkgs of 50 pcs.	ATWSP10019710
Water quality tester	ATWQT100198
Water quality test strips - bottle of 50 strips	ATWQTS100198
Water quality test strips - box of 100 bottles of 50 test strips	ATWQTS10019810
